*Grace College of the Bible is committed to a Christian philosophy of education. Every facet of the college program is conditioned and directed by a Christ-centered, biblical perspective. The college is convinced the Bible is a dependable guide for students searching for the truth.*

### The Story of Grace College of the Bible

The history of Grace College of the Bible is literally studded with miraculous answers to prayer. During this quarter century more than 6,000 ambassadors of Christ have studied the Bible, have grown in spiritual depth and understanding and have witnessed to the saving grace of Jesus Christ. For the majority of this time, the name of the school has been Grace Bible Institute. On July 1, 1976 the corporate name was changed to Grace College of the Bible.

The beginning dates back to the commencement activities at Oklahoma Bible Academy in 1942 when several brethren shared a common burden to organize and found a Bible Institute in the midlands. In the providence of God, ten Mennonite ministers met in Omaha, Nebraska, on June 1, 1943 to pray and plan for an institution that should be fundamental in doctrine, vitally spiritual in emphasis and inter-denominational in scope.

In the brief span of time between June 1 and September 8, 1943, the Lord opened doors and removed obstacles in such an unusual way that all were convinced that this new venture of faith was of God. As a noted Bible scholar commented upon visiting the campus, "It is obvious that Grace Bible Institute is a vine of God's own planting . . ."

At a dedicatory service on September 8 Dr. C. H. Suckau, Board chairman and later the first president of the College, addressed the assembled group using Nehemiah 2:17 as a text, "Come, and let us build up the wall of Jerusalem, that we be no more a reproach."

In concluding the address, mention was made of the seven specific answers to prayer in connection with this new and venturesome undertaking:

1. **Place:** The Lord definitely led the original group of men to Omaha on June 1 and opened doors for them here.
2. **Building:** The Presbyterian Theological Seminary was made available for our use without any financial obligation other than its upkeep.
3. **Incorporation:** The laws of Nebraska were such that incorporation under the existing laws was impossible, but these

laws were revised just as we were faced with the alternative of having to locate the Grace Bible Institute in some other state.

4. **Faculty:** The consent of the last needed members to complete the faculty arrived by telegram that very afternoon at 3 P.M. so that the school could be opened with a complete staff of teachers.
5. **Student Body:** A total of eighteen students registered on the first day.
6. **Funds:** In a short time, the Lord sent in over \$7,000 in gifts.
7. **Permanent Location:** The Lord preserved Stuntz Hall for us, so that on that afternoon (September 8) a purchase contract for the building was signed by the Board.

The years following likewise reveal a pattern of growth and divine supply. In the early years the student enrollment grew rapidly so that by 1949 it had reached 331. During the intervening years, enrollment stabilized and increased to 500 or more through 1976. Since then enrollment has been in the three or four hundreds.

Progress has continued in many areas with the addition of well-trained faculty, up-grading and expansion of the academic program, revision of the administrative structure, expansion of the physical plant and a constant vigilance that the spiritual moorings of the College be kept intact.

Expansion of physical facilities have been accomplished throughout the years by the provision of God's hand so that the College now owns twenty-three buildings on or surrounding the original site. New buildings constructed were:

- Suckau Memorial Chapel  
(Basement - 1949)  
(Main floor - 1957)
- Schmidt Memorial Hall (for men) - 1962
- Student Center - 1967
- Academic building - 1975

The College purchased the St. Catherine's Hospital Center for Continuing Care in the summer of 1977. This addition to campus property adds 2.6 acres to the campus and doubles facility space. This facility is the largest and most significant property acquisition in the history of the College. Three wings - Stanford Hall, Duerksen Hall, and Harder Hall - have been utilized as lovely dormitory facilities. One wing has been named the Administration and Conference Center and houses Adminis-

trative offices, assembly rooms, and guest rooms. Another part of the hospital complex has been developed for the music department.

Each of the above became an adventure in faith and a distinct answer to prayer as the need was supplied and the buildings so direly needed became a reality to train young lives for God's service.

An additional ministry of the College has been the operation of two radio stations, KGBI-FM in Omaha and KROA-FM near Grand Island, Nebr. The Omaha station was established in 1966 with 29,000 watts of power covering a radius of thirty to sixty miles. This ministry was expanded in 1973 to 100,000 watts stereo with an outreach of seventy-five to one-hundred miles. KROA was purchased in April, 1977, and also has 100,000 watts of power and full stereo. Both stations feature Christian programming, sacred and classical music and thorough news coverage. Southwestern Iowa and southeastern and central Nebraska are served.

Two Christian book stores (campus and West Omaha) give opportunity to serve the community with quality Christian literature and sacred music.

The direction of Grace College of the Bible has been vested in a strong, spiritually-minded Board of Directors, representing at the present time several denominations and coming from nine states and one province of Canada. An active Advisory Council, now numbering about 190, has supported the College by prayer, student recruitment and finances.

God has provided a leadership for Grace in men who had vision and faith and have sought to be instruments sensitive to the Holy Spirit's leading in the affairs of the school. The following have served as presidents: Dr. C. H. Suckau (1944-1950), Dr. H. D. Burkholder (1950-1955), Dr. Joseph W. Schmidt (1955-1960), the Rev. D. J. Unruh (interim 1960-1961), Dr. Waldo E. Harder (1961-1971), and Dr. Robert W. Benton (1971-).

### **Our Christian Philosophy of Education**

Grace College of the Bible is committed to a Christian philosophy of education. This means that every facet of the College program is conditioned and directed by a Christ-centered, Biblical perspective. Questions relative to the meaning, purpose and goals of education are answered in the light of Scriptural teachings. These answers then provide the basis for the education pursued at Grace College of the Bible. The following statements briefly present the College's Christian philosophy of education.

1. Ultimate reality is found beyond man in the Triune God who created and now sustains all things.
2. Man is morally depraved and is dependent upon and answerable to a holy God.
3. The Bible, God's inerrant, authoritative revelation to man, is the essence of truth for the Christian educator.
4. The objective of Christian Education is to glorify God through salvation, maturation and service.
5. The Bible is the subject core and integrating factor for the entire curriculum.
6. The teacher and student are both significant in the educative process with the Holy Spirit being the chief resource for both.
7. The faculty is committed to excellence, theological soundness and spiritual fervor.
8. The College is committed to the local church as the primary agency through which God works.
9. The alumni are considered a strategic force within the Christian community and church.

The dynamic of this philosophy of education has been verified through forty years of experience. The College is as deeply convinced today as were the founding fathers that the Bible is a dependable guide for students searching for the truth. This is the case whether the subject is

faith and practice or some other subject as history and science. Grace College of the Bible is committed to offering an education that is distinctively Christian.

### Objectives and Distinctives of the College

Church vocations are among the most important callings young people can answer. The serious and awesome responsibilities of Christian service in today's world demand an all-out commitment to Jesus Christ—the Head of the church, an awareness of the personal presence of the Holy Spirit—the power of the church, implicit faith in the Scriptures—the rule for faith and conduct of the church, full obedience to the great commission—the purpose of the church, and a personal involvement by each member—the method of the church. The goal of the College is to prepare students of this caliber for the glory of God.

#### Objectives

The College objectives which appear below are of special importance to all who are interested in Grace College of the Bible. They will indicate the kind of person the college aims to develop and provide a reason for the kinds of experiences required of students. Prospective students should seriously and carefully study these objectives so that their personal aims are similar to those of the college. A brief explanation accompanies each one to more clearly indicate the intended meaning.

**To provide opportunity for the student to become a well-balanced, Christ-like person through proper mental, physical, spiritual and social development. (Luke 2:52).** The cultivation of the Christ-like life is of primary importance. The aim of the college is to bring the students to that point where Christ is at the center of every area of their lives. The hope is that the indwelling Christ will dominate, govern and control whatever the students do mentally, physically, spiritually or socially.

**To guide the student into a basic knowledge of the Bible and an understanding of Biblical doctrine.** The Bible is God's ordained means of "thoroughly furnishing unto all good works." II Timothy 3:17. The Bible is also God's Word which we are to impart to others. Therefore students will concentrate and specialize in Bible study as a foundation for Christian faith and action.

**To awaken in the student a greater love for Christ and the desire to share His passion for the lost.** Bible knowledge should be integrated into the Believer's life resulting in Christ-like motivation. The intense desire of the Lord Jesus Christ was to provide a way of salvation

for lost men. This motivation caused Him to move with resolution toward the cross. The student should learn to love Christ so as to serve Him with similar devotion that unbelievers may come to saving faith in Christ.

**To promote in the student a sense of world-wide missionary responsibility and personal dedication to do God's will.** In the final analysis the actions of both the mind and the emotions are dependent upon the will. Once students realize that Jesus Christ is Lord, they should determine to do His will and to obey the great commission.

**To broaden the student's understanding of the world in which he lives through a Christ-centered program of general education.** (General education includes subjects such as English, music, speech, foreign language, science, psychology, philosophy, history, sociology.) General education subjects are for the purpose of broadening the educational foundation of the students. Such breadth of education is considered essential whether the students serve at home or in some foreign field. Since all truth belongs to God, it can be effectively integrated with Biblical truth. A deliberate effort will therefore be made to allow the Lord Jesus Christ and the Scriptures to be the integrating factors of all general education.

**To prepare the student to serve effectively in his God-appointed sphere of Christian service.** (Such as missions, pastoral ministries, Christian education, music, radio communications, or lay ministries.) Students choose an area of ministry in which they receive specialized education. This practical training, along with the Biblical and general training, rounds out the student's education and equips him to serve effectively.

**To encourage the development of wholesome Christian attitudes, appreciations, and values.** To deepen and broaden the students' life and to bring radiance and vitality will require development of the intangibles of life. Love, fear, respect, reverence, discipline and cooperation are just a few of these necessary items.

**To instill within the student a sense of responsibility for continuous spiritual and intellectual growth.** The concern of the school is that students will continue to grow both spiritually and intellectually after they are graduated.

#### Distinctives

The education offered at Grace College of the Bible differs from a liberal arts education or even a Christian liberal arts education in a number of ways. In order that students may understand these differences and

choose the school which will meet their personal and vocational goals, the following distinctives should be carefully noted. Parents and pastors should also find these distinctions helpful when furnishing educational guidance for young people.

**Nature.** The particular emphasis of the liberal arts college is to provide a broad, liberal education in the humanities and sciences as a foundation for *many professions and vocations*. Grace College of the Bible, in contrast to this, is *specialized* and seeks to prepare students for church-related, *Christian ministries*.

**Concentration.** Another major distinction is that of concentration in Biblical studies. The liberal arts curriculum concentrates on the humanities, social sciences, and natural sciences. To this the Christian liberal arts college adds 8-16 hours of studies in Bible, unless the student chooses a major in Bible or Christian education, in which case the major is generally 24-30 hours. For the most part, however, students in liberal arts colleges choose majors other than Bible.

Students of Grace College of the Bible concentrate on a study of the Bible. All graduates are required to complete 39-57 hours of Bible, 32-42 of which are in direct textual Bible study and theology. The only exceptions to the above are the one year certificate programs. Thus about 40% of the curriculum is given to a concentration in Biblical studies. This major distinction between Grace College of the Bible and other schools is significant in the light of Paul's statement in II Timothy 3:16-17. God's way of preparing a Christian to face the total challenge of life is by the Scriptures. The Bible is also the message God wants communicated to all the world.

Although the Bible major is the heart of the curriculum, basic courses are also required in general education. In fact, about 38% of the curriculum of the Bachelor of Arts program is given to subjects designed to broaden the educational foundation of the students. Correspondingly, less general education is required in the more specialized programs.

To round out the education offered at the College, professional training is offered in various areas. Fields of specialization include Missions, Christian Education, Pastoral training, Music, and Radio Communications.

**Practical Christian Experience.** Practical experience in Christian service is an integral part of the training available at Grace College of the Bible. All students are required to be involved in Christian service. During the first year students are required to participate on a limited basis and thereafter complete one assignment for each semester they are enrolled.

**Personal spiritual life.** Since all the students at Grace College of the Bible are majoring in Bible and are looking forward to service in the program of the church, they have more unity of purpose than do students in other kinds of schools. This makes it possible to lay heavy emphasis upon Christian ministries and the personal spiritual life of the student. Christian service, to be effective, requires a Christ-honoring life. Students are constantly urged to consider indispensable such matters as daily devotions, soul-winning, faith, prayer, dedication, self-discipline, and separation.

From the above it can be seen that the Bible College thrives on a distinctive character that is not duplicated in other kinds of schools. Students who are dedicated and have a call to Christian service should seriously consider Grace College of the Bible in planning their education.

### Doctrinal Statement

The following doctrinal statement sets forth the theological position of the College and provides a basis for doctrinal agreement. Each member of the Board of Directors, Advisory Council, and Faculty is required to subscribe annually to the unabridged doctrinal statement. Copies of the unabridged statement are available from the President's office.

I. We believe that the Scriptures of the Old and New Testaments are the infallible Word of God, a divine revelation, the original autographs of which were verbally inspired by the Holy Spirit, and that they are the supreme and final authority of faith and conduct. 2 Tim. 3:16, 17; 2 Pet. 1:21.

II. We believe in one God, eternally existing in three persons: Father, Son, and Holy Spirit. Matt. 3:16, 17; 28:19, 20; 2 Cor. 13:14.

III. We believe that Jesus Christ was begotten by the Holy Spirit, was born of a virgin, and is truly God and truly Man. Gen. 3:15; Matt. 1:18; Phil. 2:5-8.

IV. We believe in the resurrection of the crucified body of our Lord, in His ascension into heaven in that body glorified, in His present life there for us as High Priest, in that "blessed hope," the personal, pre-millennial, and imminent return of our Lord and Savior Jesus Christ for the Church, and in His "glorious appearing" with the Church to set up His earthly kingdom. Jn. 20:20; Acts 1:9-11; Heb. 4:14-16; Tit. 2:13; I Thess. 4:13-18; Acts 15:16.

V. We believe that the Holy Spirit is a person, is co-equal with God in all His attributes, and is sent by the Lord Jesus Christ from the Father, to convict the world of sin, to regenerate, indwell, guide, and teach the believer, and to empower him to live in victory over sin. Jn. 15:26; 16:7, 8, 13.

VI. We believe that man was created in the image of God, but in the sin of the first Adam the whole human race fell and, apart from Christ, is spiritually dead and lost. Gen. 1:26; Rom. 5:12; Rom. 3:23.

VII. We believe that Jesus Christ died a substitutionary death upon the Cross, by grace providing salvation for all who believe on Him, justifying them on the ground of His shed blood. Eph. 1:7; 2:8; I Pet. 2:24.

VIII. We believe that all who by faith receive the Lord Jesus Christ as their personal Savior become the children of God, that eternal life is a present possession, that at death their spirits depart to be with Christ in conscious blessedness, and that at Christ's coming for the Church their bodies shall be raised, and, together with the believers then living on the earth, transformed into the likeness of the body of His Glory. Jn. 1:12, 13; 5:24; I Cor. 15:51.

IX. We believe that all who persistently reject Jesus Christ in the present life will after the thousand years be raised from the dead, and throughout eternity exist in a state of conscious and endless torment. Rev. 20:11-15.

X. We believe that the Church consists of all those who, in this dispensation, truly believe on Jesus Christ, that it is the body and bride of Christ, and that its mission is to witness for Christ among all nations. Acts 15:14; Acts 1:8.

XI. We believe in the reality and the personality of Satan, a subtle being who ultimately will be cast into the lake of fire. Rev. 20:10.

XII. We believe in a consistent Christian life and in abstaining from worldly practices, such as swearing of the oath, affiliation with secret societies, using courts for settling disputes among believers, taking personal vengeance and participating in carnal strife, and divorce as forbidden by the Lord. I Jn. 2:15-17; Rom. 12:2; James 5:12; 2 Cor. 6:14; 1 Cor. 6:7, 8; Rom. 12:17-21; Rom. 13:9; Matt. 19:9.

### Christian Service

The general objectives of Christian Service are as follows: (1) To help the students realize that the fulfillment of the Great Commission is a responsibility of all believers, (2) To channel the students into a ministry of reaching the lost and nurturing the believers who live in the surrounding community, (3) To provide a variety of supervised, practical training in Christian service with some experience being related to the student's specialized field of study, and (4) To provide an opportunity for students to discover, develop and use their spiritual gifts for the glory of God.

Practical Christian service is considered an integral part of the total educational program. All students must successfully complete a semester of Christian service for each semester they are enrolled for more than six semester-credit-hours. Transfer students fulfill the requirement by completing as many semesters of Christian service as they are enrolled at the College. Post-university students are also required to do Christian service. Freshmen students are under a special arrangement as outlined by the Christian Service office.

The student is afforded many opportunities of Christian service in such areas as preaching, Sunday School teaching, junior church work, youth work, music, Bible clubs, and personal work on the street, in jails, in the hospital and in nursing homes. Assignments are changed regularly to provide varied experience in Christian service. Weekly reports are required and permanent records are kept on each student's participation.

The Christian Service Committee evaluates the student's Christian service performance at the close of each semester and again in the final semesters of the junior and senior years. This evaluation determines whether or not students have successfully completed a given semester of Christian service and whether or not they will be cleared for graduation by the Christian Service Department.

The Director of Christian Service provides encouragement, counsel, supervision and leadership designed to aid students in gaining competence in this important phase of their training.

### Admissions Requirements

Grace College of the Bible welcomes applications for admission from prospective students who possess the qualifications the College considers necessary for those anticipating Christian service.

Selection of applicants is made on the basis of academic ability, moral character, and a sincere desire to study the Scripture. Grace College of the Bible admits students of any race, color, sex, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the College.

Applicants accepted for admission are expected to abide by the standards and policies of the College, including the policy that no student is permitted to speak in tongues publicly or privately or to encourage this practice among others.

Specific standards of conduct are discussed under the Student Life section.

*Christian Character.* Candidates for admission must adhere to Biblical moral standards, must be committed to God's will as revealed in Scripture and must, in general, give evidence of good Christian character. Normally it is expected that applicants should have known Jesus Christ as their personal Savior for at least one year, to assure some degree of spiritual maturity.

*Academic Qualifications.* Prospective students are urged to take college preparatory courses which include units in English, social science, natural science and mathematics. Applicants must have graduated from high school or present evidence of having its equivalent. Students who successfully pass the General Educational Development (GED) test will receive the same standing as high school graduates.

Special action of the Admissions Committee is required for admission when the applicant does not rank in the upper half of his high school graduating class or when he has not maintained an average grade of "C" or above.

In a few cases, where the applicant is of mature age, a non-high school graduate may be admitted as a special student. In such cases the person is not considered a candidate for graduation until high school or its equivalent is completed.

*Evening School Students.* Evening school students who enroll for credit subjects are required to meet the same admissions and academic regulations as day school students.

*Pre-entrance Examinations.* Applicants for admission to the freshman class are required to take the American College Testing Program

(ACT) examination. Information regarding test registration, test date schedule, and location of test centers may be obtained from local high school principals or counselors, from G.C.B.'s Director of Admissions, or by writing directly to the American Testing Program, Box 168, Iowa City, Iowa 52240. The cost of the ACT will be \$9.50. The College's ACT code number is 2454. The 1983-84 ACT national test schedule will be as follows:

Test Date	Registration Period Closes
Oct. 29, 1983	Sept. 30, 1983
Dec. 10, 1983	Nov. 11, 1983
Feb. 11, 1984	Jan. 13, 1984
Mar. 31, 1984	Mar. 2, 1984
June 9, 1984	May 11, 1984

Foreign students are expected to provide evidence of English proficiency either by submitting a certificate of proficiency in English or by submitting satisfactory scores from the Test of English as a Foreign Language (TOEFL). Information regarding the certificate or test can be obtained from American embassies and consulates, offices of the United States Information Service or by writing directly to Test of English as a Foreign Language, Box 899, Princeton, New Jersey 08540, U.S.A. The College's code number for the TOEFL examination report is 6248.

### Admissions Procedures

*Application forms may be obtained by writing to the Director of Admissions, Grace College of the Bible, 1515 South 10th Street, Omaha Nebraska 68108.* Applicants are encouraged to apply early in their senior year of high school. The forms must be filled out completely to assure rapid processing of the application. After all the papers have been received by the College and action has been taken, applicants will be notified.

An application fee of fifteen dollars (\$15.00) must accompany the application for admission. This fee is intended to help cover the costs of processing the application and is non-refundable.

When an applicant receives official word of acceptance, he is required to send in \$35.00 in advance to confirm his intention to enroll. This deposit will be credited to the student's account when he registers. If the applicant cancels the application before July 1 (or before December 1 for second semester), \$20.00 is refunded; after July 1 or December 1 the College will retain the entire amount. *No student is considered an official candidate until this fee is remitted.*

If a student who has attended the College withdraws from school for one or more semesters or if a change in marital status takes place, he will fill out a form for re-admission. An application fee of \$5.00 must accompany the application for re-admission for those who have not been enrolled for a semester or more. This fee will be retained by the College if the student fails to register as expected. If a former student wishes to be re-admitted after an absence of three or more years, a new set of application forms must be completed.

Transfer students applying for admission from another college must file all forms and deposits required of applicants to the freshman class. In addition, the candidate must submit an official transcript from the college(s) attended, including a statement of status at the time of withdrawal. See below for policy on advanced standing.

### Entrance Examinations

A series of examinations is given to students during the fall semester of each year. The following kinds of tests are administered: Vocational Interest, Mental Ability, and Bible Content.

Students wishing to enroll at Grace College of the Bible who have not completed high school should apply for the General Educational Development (G.E.D.) test through their local high school, community college, or state board of education.

### Advanced Standing

Students who have completed work in another college, Bible institute or seminary may apply for advanced standing upon the presentation of an official transcript from the school previously attended. Work done will be evaluated on the following basis:

1. Full credit will be granted for courses completed in an accredited school, provided such courses are applicable to the programs at Grace College of the Bible and are completed with "C" or above.
2. Credits earned in schools holding associate membership in the A.A.B.C. will be accepted at face value provisionally, subject to validation by demonstrating the ability to maintain a "C" average (a 2.0 grade point average) in 30 semester-credit-hours of work.
3. Credits from non-accredited schools must be validated by examination or by demonstrating the ability to maintain at least a "C" average in 30 semester-credit-hours of work.
4. Credit for educational experiences in the armed services will be based upon suggested credit recommendations in *A Guide to the Evalua-*

*tion of Educational Experiences in the Armed Services* or on the basis of transcripts from service schools, e.g. Community College of the Air Force. Such credit transfer must meet all other requirements for credit transfer.

Students who have graduated from Christian high schools may be excused from equivalent 100 series Bible subjects, provided the grade was "B" or above, and they secure an acceptable score on the Bible Content test (110 or above). While the student receives no actual college credit for these subjects, it does avoid needless repetition and enables them to concentrate on more advanced subjects. Permission must be secured from the Vice-President of Education and Student Life and the director of the department in which the student is enrolled.

### Advanced Placement Program

Grace College of the Bible participates in the Advanced Placement Program of the College Entrance Examination Board. Credit is awarded to students who perform satisfactorily in certain college level courses in secondary school and who receive a grade of 4 or 5 on the Advanced Placement Examinations. In some cases a grade of 3 may also be acceptable. Credit decisions are centralized under the Vice-President of Education and Student Life.

### College Level Examination Program

The College Level Examination Program (CLEP) is used to establish credit in certain college courses. A total of 15 hours of credit may be earned through CLEP Subject Exams; no credit is allowed for the general exams. Subjects must be equivalent to those offered by the College. The score for most subjects must be at least at the fiftieth percentile and the essay portion of the exam judged satisfactory by the department involved. In the case of College Composition varying amounts of credit are allowed depending on the quality of the essay and on the percentile score received. Credit earned by examination may not be counted towards residency requirements for graduation (see page 42). Credit will not be given by examination if the course has been taken by audit or if the student has already completed one semester of a year-long course such as English or History. Students will be assessed a fee of ten percent of the current College tuition for credit that is allowed by examination. For additional information write to the Vice-President of Education and Student Life. The College's code number for the CLEP examination report is 6248.

### Proficiency Examination Program

Grace College of the Bible is a participating institution in the ACT Proficiency Examination Program (ACT-PEP). This makes it possible

for individuals to obtain credit in a limited number of subjects on the basis of test scores. Three hours of credit are allowed in the following subjects providing the test score is "B" or above: American Literature, Anatomy and Physiology, Earth Science, Freshmen English and Shakespeare. Registration packets are available from the Vice-President of Education and Student Life. Students will be assessed a fee of ten percent of the current College tuition for credit that is allowed by examination.

### Registration

The Registrar will furnish complete instructions concerning registration procedure. Students have completed registration only after the payment of all charges have been made or other financial arrangements have been approved.

Students who fail to register by the time specified on the calendar will be charged a late registration fee of \$5.00. An additional \$1.00 per day is charged to the student until registration is complete. Students who are not present to write entrance tests will be charged \$2.00 for each test period missed.

A student may change his schedule or program only after securing the permission of his counsellor and the Registrar. A course may be added within two weeks after registration and dropped within four weeks after the last day of registration.

*Early registration.* Toward the end of the spring semester, students are required to register for the fall semester. Schedules are planned by the students with the approval of their counsellors and copies are filed with the Registrar. A registration fee of \$35.00 is payable at the time of early registration. This amount will be applied to the student's account at the time of registration. If the student does not return, \$20.00 will be refunded, providing the school is notified before July 1. No student is assured entrance unless this fee is paid.

### Scholarships and Student Aid

Applications for scholarships or aid available from the College must be in the office of the Vice-President of Education and Student Life at least thirty days prior to the first day of classes each semester. All scholarship applicants must meet the general admissions requirements on page 20 of this Catalog. In general the amount of individual scholarships will be determined by the Scholarship Committee. Normally a recipient may have only one college grant per semester and must be a full-time student at the college.

#### Allen Unruh Scholarship Endowment Fund

Mr. Allen Unruh established a scholarship endowment fund, the interest of which is designated for the following student scholarships: freshmen, music transfer and returning. Grade point averages must be at least 3.0 for all scholarship recipients.

*Freshman Students.* The College has a limited number of \$300 scholarships available for high school graduates. The payment of these scholarships is equally divided between the first two semesters. These criteria are used to select candidates: the person must (1) be a high school graduate, (2) plan to complete a program of studies, (3) enroll as a full-time student, and (4) give evidence of academic and leadership ability.

*Music Students.* A limited number of \$300 scholarships, plus the John Boehr Music Scholarship, are available for new students planning music majors.

*Transfer Students.* Scholarships of \$300 each are available to a limited number of transfer students.

*Returning Students.* Fifteen \$300 scholarships based primarily upon academic performance are available to returning students.

#### Spouses of Married Students

As the College is committed to the mental and spiritual growth of the total family, spouses of full-time married students may audit courses in which their partners are enrolled, as classroom space permits, by paying only the general registration fee.

#### Don Crawford Memorial Award in Expository Preaching

A memorial gift presented to the College in memory of Rev. Donald Crawford, class of 1963, has been designated to promote proficiency in preparation and presentation of expository sermons. Competition is open to junior and senior men enrolled in one of the four-year programs except the cooperative program. The number and amounts of the awards are determined annually by the Pastoral Ministries Department. Winners of the awards are based on chapel presentations given in the spring of each year.

#### Lardon-Emmanuel Missionary Scholarship

This scholarship, established by the Emmanuel Mennonite Church of Salem, Oregon, from money received from the Noah Lardon estate, is available to juniors enrolled in Missionary Field Work. The applicant must have completed at least 53 semester-credit-hours with a grade point average of 2.0 or above, have a satisfactory Christian Service record, be committed to full-time Christian service and demonstrate financial need. The amount of the scholarship is determined by the Scholarship Committee and is applied to the student's account for the fall semester immediately following the summer experience.

#### Vernon Duerksen Evangelism Scholarship

For the student(s) pursuing an evangelism ministry, a \$300 scholarship is available.

#### Mrs. Barbara Burkholder Memorial Scholarship

The Harold Burkholder family established this scholarship fund in memory of Mrs. Barbara Burkholder. A scholarship of \$300 is available annually for a student enrolled in the Pastoral Ministries program.

#### Presidential and Department Awards

Presidential Awards of \$2000 (\$500 per year) are presented to a limited number of new students who meet these special criteria: (a) academic achievement as demonstrated by a 3.5 gpa and 80 percentile composite ACT, (b) being in the upper 20 percentile of the high school graduating class, and (c) financial need as evidenced by either the Pell or the College Financial Awards application. Normally one Presidential Award is granted for each college department.

Departmental Awards of \$1600 (\$400 per year) are presented to a limited number of new students who have shown (a) academic achievement of 3.2 gpa and at least 60 percentile composite ACT, (b) being in the upper 40 percentile of the high school graduating class, and (c) financial need as evidenced by either the Pell or College Financial Award application.

#### Student Aid

Besides a special Challenge Fund supplied by donations, the College designates an appropriation for assisting students' financial accounts. The amount of aid to individual students varies and is determined by the Scholarship Committee following the student's completion of the aid application form.

**Pell Grants**

All applying freshmen should obtain an application form either from their high school counselor or by writing to Grace College of the Bible. The amount of money available to the student is determined by two factors: (1) The results of the family financial statement required in the application; and (2) The amount of money allocated by Congress for the Pell Grant program.

Upperclassmen should obtain their annual application forms from the Financial Aid Office.

The College identification number for the Pell Grants is 002547.

**Guaranteed Student Loans**

**Federally Insured Loans**

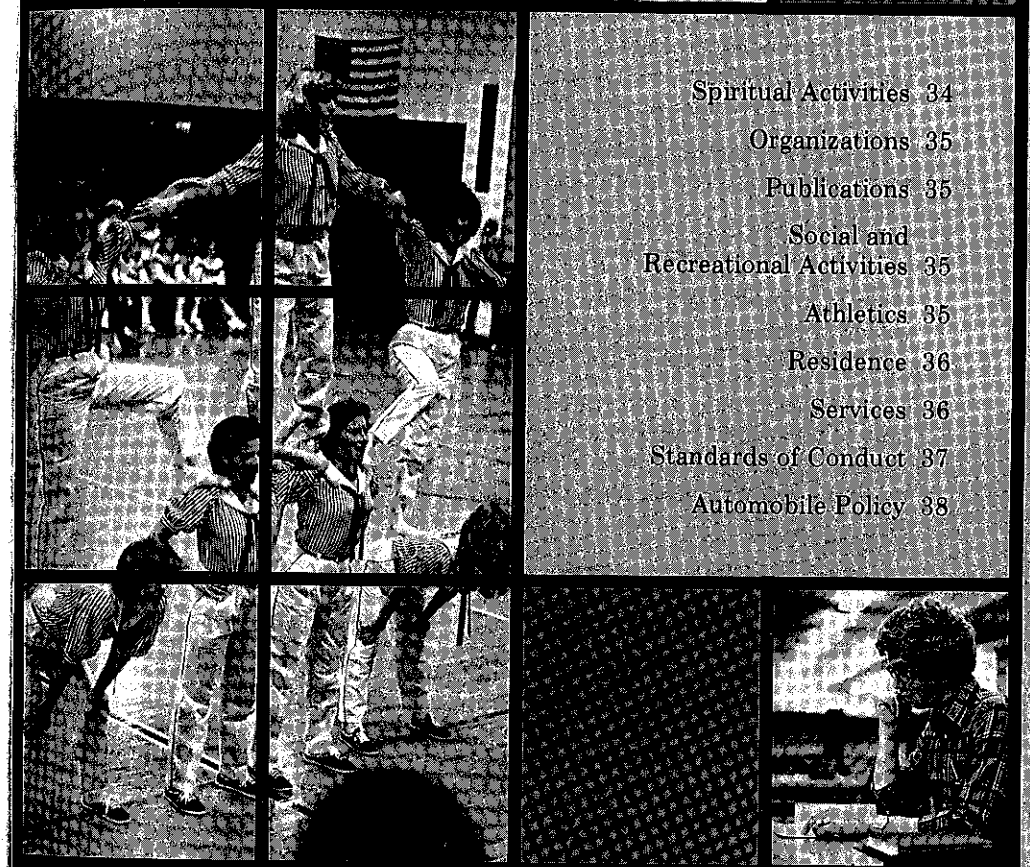

Grace College of the Bible is qualified to process federally insured loans under the Department of Education. Under this financial aid program, the student applies for a loan at his local bank and the Federal Government pays a portion of the interest on behalf of eligible students. These guaranteed loans require the approval of the lending agency and the endorsement of the school which the student will attend.

**Bank Loans**

It is also possible to apply for a bank loan through the Business Office. Interest rates are reasonable. These loans are for amounts from \$500.00 and up and are available to qualified students whose needs are beyond the limited resources of the College loan fund. Note: first semester students are generally not eligible for these particular loans.

**Campus Loans**

The College maintains a modest loan fund for use during the second semester of the school year. Application for such loans should be made in the Business Office before registration week. A \$4.00 service charge will be added to the loan.

### Organizations

*The Student Body Association* of which every student is a member fosters spiritual growth and fellowship, promotes the welfare of the students, and directs student affairs. Its administration is carried out through an executive committee elected by the students.

Many students are provided leadership and avocational opportunities through the following committees and clubs: Spiritual Life, Social, Recreation, Student Life, Youth Fest, Banquet, Civic Affairs, World Affairs, the Kings Players and Student Music Association.

*The Grace World Outreach* is an organization which promotes missionary interest in the student body. All the students are members of this organization. Chapel periods, prayer bands, financial support of missionaries and missionary scholarships are among the major activities of this organization.

*The Oratorio Society* presents a major oratorio each year for the benefit of the school and the community.

### Publications

*The Charis* is the yearbook produced under the direction of a student editor. Other staff members are chosen from the student body to assist in compiling this publication to depict the activities of the school year.

### Social and Recreational Activities

Various social activities are available to students throughout the year. Included are sing and share times, picnics, class parties, films, banquets, and homecoming.

Intramural competition in various activities is provided for both men and women. The recreation room in the Student Center is available for table tennis, shuffleboard and table games.

### Athletics

Grace College of the Bible is a participating member of the Midwest Christian College Conference and the National Bible College Athletic

Association. Grace participates in intercollegiate competition in basketball, volleyball and tennis. These activities provide for physical, moral and spiritual development.

### Residence

*Single Students.* All single students, except those living in their own homes within commuting distance, must reside in College residence halls and take their meals in the College dining hall. Each resident student is expected to take at least a 12 semester-credit-hour load. Exceptions in residence requirements must be approved by the respective Student Deans.

*Furnishings.* Rooms are furnished with beds, desks, dressers, and chairs. Pillow cases and sheets are also provided by the College. Students furnish window curtains (except in Stanford Hall), small rugs, towels, pillows, blankets, and bedspreads. Each student must furnish his own iron.

*Married Students.* The college has a number of furnished and unfurnished apartments. Married students should inquire at the Business Office regarding college housing, availability, rates, etc.

### Services

*Counseling.* Students are assigned to members of the faculty who counsel and help them during their time at the College. Choosing the right program, selecting appropriate subjects, interpreting test results, and other academic and personal matters are areas in which special help is given. Academic grade reports are given to students by their counselors.

The Deans of Men and Women are responsible for student life in general. They provide special help to students in personal and social matters.

*Health.* Medical care for minor illness is provided through the Health Office and the College nurse. More serious cases are referred to physicians or hospitals.

*Accident Policy.* All students are insured to cover accidents whether on or off campus for each semester they are enrolled. The maximum benefits of this plan are \$1,000 per accident. Note: This does not include automobile accident claims or accidents "on the job" covered by workmen's compensation regulations. This policy is intended for on-off campus accidents that require treatment by a physician, surgeon or care in a hospital or the care of a licensed or graduate nurse while the patient is not hospitalized.

There will be an additional \$1,000 accident coverage for those involved in official interschool athletic activities. The charge for this additional protection will be an amount equal to that charged the student for the initial accident policy.

*Hospitalization.* The College maintains a hospitalization plan to cover students enrolled for more than six hours. Students qualify for the benefits of the hospitalization plan by paying the regular registration fee. Benefits of the plan during the two semesters are as follows: 1. Up to \$60.00 a day for room, limited to thirty days. 2. Maximum of \$75.00 for use of operating room, \$50.00 for anesthetic, \$50.00 for x-ray, \$50.00 for laboratory fees, \$150.00 for doctor bills and/or surgery when hospitalized upon a doctor's recommendation. 3. Married students may include their families for an additional fee to cover members not enrolled in school. As the maintenance of this plan depends upon the cooperation of all, no refunds of the hospitalization fee will be granted to those already members of another plan or to those not desiring to enroll.

Students who have paid their pre-enrollment fee may apply for hospital coverage for the summer months at regular semester rates.

Both accident and hospital coverages offered by the College are supplemental, not intended to serve as primary policies. In case the student has no other insurance protection Grace College urges the student to obtain a basic hospital insurance policy.

*Employment Office.* The College maintains an employment office to give students assistance in securing work in the city.

*Bookstore.* The Grace Book Store maintains an excellent stock of Bibles, textbooks, reference materials and supplies.

### Standards of Conduct

The College will seek to provide an atmosphere in which the student may earnestly give himself to both academic pursuits and the development of Christ-like character. This can best be accomplished when all students sense a deep responsibility for the welfare of one another and for the group as a whole. In order that this might be accomplished all members of the Grace family are asked to cheerfully submit to certain standards of conduct. A copy of pertinent sections of the Handbook will be sent to each accepted candidate.

Smoking, dancing, gambling and the use of drugs and alcoholic beverages are not permitted at Grace. Students are also expected to refrain from worldly amusements, attendance at theaters or movies, and any activity that defiles mind or body. Students should dress neatly and properly as becomes Christian men and women. Men's hair is to be reasonably trimmed.

A student who persistently disregards the standards of the College will be asked to withdraw from school. The College also reserves the right to dismiss any student whose attitude or behavior is not in harmony with the ideals of the school.

### Automobile Policy

Students who operate motor vehicles must register them with the Dean of Men at the beginning of each semester. All students must abide by College regulations governing the use of vehicles. Also, in compliance with Nebraska laws, vehicle owners must carry liability insurance and have valid driver's licenses.

*The college degree programs offered by Grace College of the Bible are fully accredited by the American Association of Bible Colleges — the officially recognized national accrediting association for Bible colleges. This assures students of quality education and excellent transfer of credits.*

### Scholastic Accreditation

Grace College of the Bible is an educational institution offering undergraduate work leading to several associate and baccalaureate degrees.

The high quality of education maintained is indicated by its membership in the American Association of Bible Colleges. AABC is a member of the Council on Postsecondary Accreditation and is recognized by the Council as the institutional accrediting agency for Bible colleges. This means that Grace College of the Bible can be regarded as fully accredited and that a quality education is available in the kinds of Christian ministries for which programs are offered. Such recognition assures students that the College has clearly defined goals, and that these goals to a reasonable degree will be accomplished in their lives. Students may also be assured that the bachelor's degree earned at the College is received by evangelical seminaries and graduate schools as qualifying them for advanced work. In addition universities and colleges will normally transfer credits for equivalent subjects when students change to other fields of study. (For other matters relative to academic standing see page 17.)

### Grading System

The letter system of marking is used to indicate the student's achievement. The grading symbols together with their approximate percentage and grade point values are as follows:

A-excellent,	94-100%	4 grade points per semester-credit-hour
B-good,	87- 93%	3 grade points per semester-credit-hour
C-acceptable,	78- 86%	2 grade points per semester-credit-hour
D-poor,	70- 77%	1 grade point per semester-credit-hour
F-failure,	below 70%	0 grade points per semester-credit-hour

When a student officially drops a course during the first four weeks of the semester, no grade will be recorded. After this time he will receive a grade of "W" in all courses in which he is doing acceptable work at the time of withdrawal. If he is not doing acceptable work, a "WF" is recorded. Grades are considered final two weeks after they have been issued by the Registrar's Office.

Semester grades will be sent to the student's parents unless a request in writing is presented to the Registrar's office at the time of registration.

### Quality Point System

A student's academic standing is computed by the numerical value assigned to each course grade. Every credit hour of A, for example, has the value of four points (see explanation under grading system). The total quality points earned, divided by the number of credit hours attempted, gives the grade point average. Graduation requirements and scholastic honors are determined on this basis. Subjects graded on a pass-fail basis are not included in the student's grade point average.

### Scholastic Probation

A student's academic standing is determined by his grade point average. To be eligible to continue in school a student must have the following cumulative grade point averages as a minimum: after one semester, 1.5; after two or three semesters, 1.75; after four semesters and thereafter, 2.0. When a student's grade point average drops below that specified above he is placed on scholastic probation and may remain in school only by special permission of the Committee on Admissions and Retention.

V.A. benefits may be withheld when a veteran is placed on academic probation. The Pell Grant benefits also may be withheld when a student is placed on academic probation.

### Classification of Students

At the beginning of each school year students are classified on the basis of credits and grade points earned or transferred. These classifications are as follows:

-for students in the Bachelor degree programs:

Freshman	0- 24 credits.	No minimum grade points.
Sophomore	25- 55 credits.	Minimum grade points, 40.
Junior	56- 92 credits.	Minimum grade points, 100.
Senior	93-132 credits.	Minimum grade points, 180.

-for students in the Associate degree programs:

Freshman	0- 24 credits.	No minimum grade points.
Sophomore	25- 55 credits.	Minimum grade points, 40.
Senior	56- 94 credits.	Minimum grade points, 100.

If credits and grade points do not fall within the same division, the lower of the two will determine the classification.

Students who qualify as seniors but do not intend to be graduated within the year will be classified as sophomores or juniors, depending on the program in which they are enrolled.

### Scholastic Honors

*Dean's List.* At the end of each semester the Vice-President of Education and Student Life will post the names of all full-time students who during the previous semester achieved a grade point average of 3.2 or over.

*Delta Epsilon Chi.* A limited number of seniors may be nominated by the faculty for membership in Delta Epsilon Chi, the honor society sponsored by the American Association of Bible Colleges. To be eligible a senior must have earned a grade point average of 3.3 or over and manifested Christian character and leadership ability.

**Graduation Honors.** Graduation honors will be awarded to students who have earned a minimum of 62 semester-credit-hours at Grace College of the Bible and who have achieved cumulative grade point averages as follows: "With Highest Honor," 3.8 or over; "With High Honor," 3.5-3.7, "With Honor," 3.2-3.4.

**Who's Who Among Students in American Universities and Colleges.** Each year a committee representing the administration, faculty and students makes recommendations to the faculty from the senior class to membership to Who's Who Among Students in American Universities and Colleges. Criteria used are scholarship, leadership, Christian character and promise of future usefulness. A certificate of recognition is awarded by the organization and presented by the College. A written description also appears in the annual publication of the organization.

### Graduation Requirements

It is the responsibility of the student alone to assume that all requirements have been met prior to the deadline for graduation.

**Character and Doctrine.** Each student who is graduated from Grace College of the Bible must give evidence of strong Christian character and soundness of doctrine. Candidates for graduation are expected to hold a doctrinal position consistent with the College's unabridged doctrinal statement and "We Believe" brochure. A preliminary evaluation will be made by the faculty during the final semester of the junior year, but final approval for graduation will be given during the last semester of the senior year. The College reserves the right to withhold graduation from any student who disqualifies himself in respect to character or doctrine at any time prior to commencement exercises.

**Scholastic Rating.** The student must have completed satisfactorily the required subjects of the program chosen, have the prescribed number of semester-credit-hours and have a grade point average of 2.0 or better.

**Christian Service.** Since the College seeks to train for effective service, it is expected that students show commendable zeal and faithfulness in Christian service responsibilities. Freshmen must meet the requirements of the Christian Service office. Sophomores, juniors, and seniors are expected to carry at least one assignment during each semester's attendance. The student's total Christian service experience is evaluated by the faculty in the final semesters of the junior and senior years. The diploma may be withheld on the basis of an unsatisfactory Christian service record even though the student fulfills all other requirements.

**Residence.** In order to provide the College with a realistic opportunity to evaluate all the requirements for graduation including Christian

character, doctrinal position, scholastic rating and Christian Service experience, a student must complete at least thirty semester hours of credit at Grace College of the Bible. The final fifteen hours of a student's program must be earned at Grace College of the Bible.

Students who wish to earn a second degree at Grace College of the Bible may do so providing (1) at least one year has lapsed between the granting of the two degrees and (2) subsequent to the completion of the first degree, at least fifteen additional hours are taken at G.C.B.

Students who stop out with 15 or less hours remaining in their programs have one year following the semester they terminated to complete the program in which they were enrolled. After one year they must complete the program as structured in the current catalog and complete a minimum of 15 hours at G.C.B.

**Participation.** Graduation ceremonies are held annually in the spring. Students completing their requirements the first semester or during the summer have the option of receiving their diplomas at those respective times or waiting until spring commencement. Participation in commencement exercises is required of all graduating students except those who have completed early and elected to take their diplomas or have moved out of the community. Only those students who have completed all graduation requirements will be permitted to participate in the commencement exercises.

**Exceptions.** Any exceptions to the graduation requirements listed above must be ruled on by the faculty.

### Evangelical Teacher Training Diploma

Grace College of the Bible is a gold seal member of the Evangelical Teacher Training Association. All graduates, therefore, who have completed the requirements may receive either the Association's Christian Education or Teachers diplomas. Graduates of the Christian Education Major program meet the requirements of the Christian Education diploma as a part of the regular course and students in other programs may qualify for the Teachers diploma by completing ten hours in Christian Education subjects.

Recipients of the diploma have their names registered in the E.T.T.A. office and are qualified to conduct teacher training classes in local churches.

### Auditing

In some cases students may wish to enroll in a course for informational purposes only. Although auditors are required to attend all sessions of the class and come under the same general regulations as

other students, they are not required to do the assignments or to take the examinations. No credit is given for courses audited. Courses involving active participation, as band and chorale, may not be audited. Day school students who are taking less than twelve hours of credit are not permitted to audit classes. All auditors must have the approval of the Vice-President of Education and Student Life. The fee is nonrefundable (see page 27).

### Private Tutorship

In unusual circumstances a student's program may require that he take a course not offered during a given semester. It may be possible to arrange to take this course by private tutorship. Approval is necessary by the instructor and the Vice-President of Education and Student Life. A special fee is charged (see page 27).

### Class Attendance

Students are generally expected to attend all the classes in which they are enrolled. Absences in excess of twice the number of class sessions per week result in loss of credit for the subject. Absences on the day before or after scheduled vacations or during the five school days before the beginning of final examinations result in a fine for each class missed. The student may appeal if the absences were due to illness or emergency. (See college handbook for other details concerning class attendance requirements.)

### Music Electives

A maximum of four hours of applied music and four hours of ensemble may be applied towards graduation in any of the non-music courses.

### Academic and Work Load

The recommended academic load for each semester is indicated by the number of semester-credit-hours suggested in the various programs, usually this is 15-17 per week. Students may enroll in more than 17½ semester-credit-hours only if their grade point average the previous semester was 2.8 or over, and if they receive special permission from the Vice-President of Education and Student Life. Credits earned in music are counted toward the maximum load.

The employment load assumed by each student should be only as many hours as absolutely necessary to pay actual school expenses. Students who come with adequate resources to pay most of their expenses have a decided advantage in that they will thereby conserve time and energy for their studies.

New students are limited to approximately 24 hours of employment per week for the first year. This means that to meet the expenses of the first semester they may need assistance from parents or friends.

All students should strive to maintain a proper balance between academic load and employment. Returning students enrolled in 16 semester-credit-hours may not be employed more than 28 hours per week. When increased responsibility makes additional work necessary, the student should adjust his academic load accordingly. The Vice-President of Education and Student Life rules on all exceptions.

Married students who will need employment in excess of 28 hours per week should plan to carry a reduced academic load.

### Correspondence Courses

Courses taken by correspondence at an approved school may apply toward graduation if a grade of "C" or above is achieved. Students are required to write the final examinations available from the school offering the courses. A limit of 9 credit hours of such work may be applied to a single program. All work must be completed by April 1st of the year of graduation. Correspondence courses must be approved by the Vice-President of Education and Student Life.

#### Choice of Program

When students first enroll at the College, they often find it difficult to choose with certainty the area of specialization. For this reason the first two years are similar in most programs. By the beginning of the third year students are usually prepared to choose the program they plan to complete. Specialized subjects are scheduled to begin in the junior year, except for Music and Radio Communications when they begin earlier.

#### Associate Degree Programs

The purpose and content of the Associate degree programs are presented on page 52 and following.

#### Bachelor's Degree Programs

##### Purpose

The Bachelor's degree programs are designed for students who have answered God's call to full-time, leadership positions in church-related ministries. The various programs are structured to provide specialized training which the student will need to serve effectively in his chosen field of Christian service. These programs are terminal unless otherwise specified.

##### Content

The Bachelor's degree programs consist of a *Bible Major* to thoroughly ground the student in the Christian faith and to provide an integrating factor for all other studies and experiences, *general education* to broaden the educational foundation of the student through a Christian interpretation of the great cultural heritage of mankind, and *professional studies* to give proficiency in a specialized area of Christian service.

##### Length

The Bachelor's degree programs normally require four years to complete. Some students may wish to spread their programs over a longer period of time depending on the circumstances involved. It is important that students complete their programs since both education and maturation require time to accomplish.

#### Foreign Language Requirements

A foreign language is required in the programs leading to a Bachelor of Arts degree. Since the College offers only Greek on a regular basis, students who desire other languages must complete such in another institution, by private tutorship, or by examination. Greek is required by the Pastor's Department.

Students who have completed one or more years of foreign language study in high school (including those transferring from Canadian schools) may receive college credits by writing the College-Level Examinations offered by the College Entrance Examination Board. (See page 23 for details concerning these examinations.)

Courses will be offered in Bible, Theology, Bible Backgrounds, Evangelism, Christian Education, and other areas, depending on the demand. These subjects are taken to complete the Certificate Course mentioned above. Students enrolled are expected to maintain a proper attendance record, complete class assignments, and pass examinations. A grade will be given.

## Department of Bible and Theology

Donald J. Tschetter  
Director

The Department of Bible and Theology furnishes the foundational core of every student's curriculum. Depending on the program selected all graduates are required to complete a major of 32-42 semester-credit-hours of Bible and theology. In most programs the requirement is 38 hours.

The philosophy of Grace College of the Bible is that knowledge and application of the Bible is sufficiently significant to warrant building the entire curriculum around it. We believe that every student should complete a major in Bible for at least the following four reasons: (1) The Bible is God's absolute, unchangeable, inerrant revelation, (2) The Bible provides a philosophy which unifies, integrates and gives purpose to everything that happens on campus, (3) A Bible-centered education keeps the Believer from naturalism and humanism, and (4) According to II Timothy 3:15-17, Bible knowledge and application are essential to preparing the Believer for the total challenge of life.

The objectives of the Department of Bible and Theology are applicable to all programs offered by the College and are listed below rather than with each program: (1) that students may comprehend and discern the meaning of Scripture through a knowledge of the interpretive principles, the facts, the doctrinal teachings and the dispensational scheme of Scripture, (2) that students may demonstrate a love and respect for the authority of Scripture through daily obedience and submission to its precepts, (3) that students may apply the teachings of Scripture to themselves through a strong devotional life and to the lives of others through various channels of Christian ministry, (4) that students may show proficiency in the study of the Scriptures through the mastery of various methods of Bible study, and (5) that students may utilize Scripture as a foundation and an integrating factor for all of life and education through a repeated exposure to its teachings.

INSTRUCTION

### Available Programs

The Department of Bible and Theology offers six programs leading to three Associate degrees, one Bachelor's degree and two certificates. The Associate in Bible degrees are granted upon the satisfactory completion of 90-97 semester-credit-hours. The Bachelor's degree requires 124 hours, and the certificates 32-33 hours. In cases where students wish to combine vocational-technical training with Bible education, they will earn some of their credits in community and vocational schools.

These programs combine a major in Bible with general education and vocational-technical training or Christian ministries subjects. The two **cooperative** programs emphasize the integration of vocational-technical training with Bible education. The **pre-university** program allows for a greater amount of general education subjects. The **general** program is flexible, permitting the student to select subjects from one or several of the departments of Missions, Christian Education, Pastoral Ministries, Music, or Radio Communications. The two **certificate** programs allow for one year of intensive Bible study.

To be eligible for graduation from any of these programs the candidate must meet all the requirements presented on page 42 of the catalog.

### COOPERATIVE PROGRAMS

Students will normally begin their programs by studying the Bible and its application at Grace College of the Bible. Their vocational-technical training will be secured at another institution and should provide the necessary skills for their chosen occupations. This combination of Bible instruction and vocational-technical training should result in the students learning how to use their chosen vocations as an effective means of witness and service to Christ. They should also be prepared to serve effectively in their home churches or other Christian organizations. These programs are terminal in nature and are not recommended as a basis for further education.

The vocational-technical training represented in these programs is taken at community colleges or vocational schools. Vocational-technical training pursued on the high school level will not be accepted for credit towards completion of this program. We recommend that students enroll for the first year at GCB, and then pursue vocational-technical training. For the final year, they return to the Grace College of the Bible campus to complete their programs.

Students who live in communities where vocational-technical training is not available may be granted permission depending on available room to live on the Grace campus the second year while pursuing

INSTRUCTION

vocational-technical training. A number of schools in the Omaha area located a few miles from GCB have a wide range of programs available. Students who have already completed their vocational-technical training will complete the two years consecutively at Grace College of the Bible.

The students who complete these programs should be able to: (1) demonstrate knowledge of and appreciation for the Bible as outlined by the objectives of the Bible Department (see p. 52), (2) demonstrate familiarity with the following areas of church-related ministries: missions, evangelism and Christian education, (3) function effectively as Christians in their vocations, churches, homes and communities, (4) use their vocational-technical fields in church-related ministries, and (5) provide evidence that the requirements for entry into a particular vocational-technical field have been satisfactorily completed.

**Associate in Bible Degree  
(Bible Major, Vocational-Technical Training)**

The vocational-technical training accepted for credit toward the Associate in Bible degree must be earned in an accredited community or technical college. The program must involve a minimum of two semesters or three quarters of training. It is expected that the student will furnish a transcript of credits and a recent catalog of the issuing institution. A student may receive confirmation concerning the transfer value of credits earned in a particular technical college by writing to the Registrar of Grace College of the Bible. A recent catalog should accompany the request.

Within the limitations mentioned above the student may choose from a wide range of vocational-technical training to meet the requirements of the Associate in Bible degree. Areas of study may include Agriculture, Industrial, Computer, Drafting, Graphic Arts, Accounting, Secretarial, Radio and Television, Child Care, Practical Nursing, etc.

Regardless of the vocation or profession chosen, these students should be prepared to apply effectively the principles of Scripture.

**GENERAL PROGRAM**

Associate in Bible and Christian Ministries Degree  
(Bible Major, Professional Education)

This program is designed for students who plan to return to their home communities and become involved in the varied opportunities of the local church. Graduates should be prepared to serve in such church ministries as the Sunday school, vacation Bible school, discipleship, teaching home Bible classes, evangelism, youth ministries, child evangelism and other weekday activities. Those electing subjects from the Music department can serve in music ministries. Many will become housewives, businessmen, farmers or assume other employment while serving Jesus Christ in their local communities. A smaller number will engage in full-time Christian ministries, especially when they are older and more mature when beginning the program.

**Women's Ministries.** The General program also provides an opportunity for women students to prepare for **Women's Ministries**. A minor of fifteen hours is suggested in footnote number three. In addition to what has been said above completing this minor should lead to (1) understanding the role of women in supporting and leadership roles in Christian Ministry, (2) understanding a woman's uniqueness, personal worth, and God's intent for her life, and (3) guidance for the woman in respect to her career, children, home and husband.

Students are urged to seek the counsel of their advisors in choosing their professional electives. Generally it is more advisable to develop proficiency in one professional area rather than choosing a few subjects from all departments.

### BASIC BIBLE PROGRAM

This program is designed for students who desire only one year of Bible education. While this program lacks the breadth and depth of three or four-year programs and is not offered as a substitute for them, it will provide a general working knowledge of Scripture and the basic skills needed for practical Christian living and service. Students who complete this program should be able to: (1) exercise greater discernment regarding God's will for their lives; (2) demonstrate a general grasp of the meaning of Scripture; (3) understand and apply the tools of independent Bible study; (4) give evidence of a maturing Christian experience; and (5) per-

form effectively in Christian witness. Upon successful completion of the thirty-three hours required, the student will be presented with a certificate of recognition.

Students who desire to prepare for a vocational church-related ministry should see one of the four-year degree programs.

### POST-UNIVERSITY PROGRAM

#### Certificate

The post-university program is designed for students who desire one year of intensive Bible study after graduating from some other college or university. Upon successful completion of the thirty-two hours required, the student will be presented with a certificate of graduation.

#### Purposes

Applications to this program are primarily persons who have settled on a vocation or profession and have pursued their academic education through the Bachelor's degree. Before pursuing their vocation further they desire a period of Bible study for spiritual enrichment and maturity in the Christian faith. They wish to gain confidence and proficiency in their service for Jesus Christ both through their vocations and through various Christian ministries in which they may engage. While this program is not equivalent to a three or four-year program nor offered as a substitute for them, it will provide an excellent opportunity for the more mature student to integrate his life and vocation with the Christian perspective.

#### Requirements

In order to qualify for the certificate of graduation the person must hold at least a Bachelor's degree with a major in a non-Biblical field before enrolling at Grace College of the Bible. The student must complete in residence the subjects listed below (some substitutions may be allowed with the approval of the Vice-President of Education and Student Life) with a minimum cumulative grade point average of 2.0. The student is also expected to complete two semesters of Christian service under the supervision of the Christian Service Office, and meet the other requirements for graduation listed on page 42.

### MISSIONS and VOCATIONAL - TECHNICAL PROGRAM

Bachelor of Science Degree  
(Bible major, Missions minor, and Vocational-Technical Training)  
See page 90 for description of this program.

### BIBLE and NURSING PROGRAM

Bachelor of Science Degree  
(Bible major, Professional Nursing)

#### Purpose

The student who completes this program should be able to: (1) render a spiritual ministry in the professional field of nursing through an integration of Bible and nursing, and a deepened spiritual life, (2) serve effectively in a cross-cultural setting through completing selected courses in missions, (3) provide evidence that the requirements for entry into the professional field of nursing have been satisfactorily completed, and (4) demonstrate knowledge of and appreciation for the Bible as outlined by the objectives of the Bible Department (see p. 52).

#### A Joint Program

This program is made possible through cooperation with Schools of Nursing which are fully accredited by State Boards of Nursing and the National League for Nursing. The plan is for students to spend the first year on the College campus in studies in Bible and general education during which time they are to make application for admission to a School of Nursing. If accepted, the next two or three years are spent in nurses' training. The fourth or fifth year the students return to the College campus for intensive study in Bible and related fields.

After completing the training at a School of Nursing, if the students successfully pass the State Board examination, they become registered nurses (R.N.). If they successfully complete the fifth year at Grace, they are graduated with a Bachelor of Science degree from the Grace College of the Bible.

Since the purpose of this program is to prepare for a spiritual ministry its nature is somewhat different from other college nursing programs. Students who complete their nursing education in two or three years and who plan to seek supervisory positions, teach in nursing schools or desire other positions normally requiring advanced degrees should note the terminal nature of this program. They would probably need to take additional undergraduate work to qualify for admission to graduate programs. The student who is desirous of making nursing an effective spiritual ministry will find this program a very rewarding experience.

Students who wish to enroll in this program should keep in mind that acceptance by the Grace College of the Bible does not necessarily mean acceptance by the School of Nursing.

Students may complete their nursing education in any school of nursing that is accredited. For verification that the credits will be accepted by GCB, the applicant may send a copy of the most recent nursing school catalog to the Vice-President of Education and Student Life.

Applicants who have already completed their nurse's training in either a hospital school of nursing or a college program may complete the two years in sequence.

### CHRISTIAN ELEMENTARY EDUCATION PROGRAM

Bachelor of Science Degree  
(Bible major, Christian Elementary Education major)

This program is designed for students who desire to teach elementary education in Christian schools whether at home or abroad. There is a growing need for teachers who have developed a Christian philosophy of education and have integrated their knowledge of the Bible with professional and general subjects. Many churches and independent boards look to Christian colleges for prospective teachers who are spiritually and academically prepared to carry out the mission of their schools. This program is designed to help meet this need.

A number of options are open to graduates of this program. They may begin teaching immediately in private elementary schools where state certification is not required. On the other hand, they may wish to proceed immediately to qualify for certification by the Nebraska State Department of Education. If this latter option is chosen two alternatives are available. They may (1) enroll in the teachers college of the University of Nebraska at Lincoln and complete requirements for certification. This would not involve earning a second degree but simply includes meeting the program requirements of the University. (2) Enroll in the graduate school of the University of Nebraska at Lincoln to earn a Master of Science degree and at the same time complete requirements for certification.

The College has also made application to the Association of Christian Schools International for the approval of its teacher education programs. This will result in graduates being certified to teach in member schools of this Association.

The students who complete this program should be able to: (1) demonstrate an understanding of and an appreciation for the philosophy, history and operation of the Christian school, (2) demonstrate proficiency in the subject areas in which they will be instructing children, (3) show familiarity with the elementary curriculum, methods and materials essential to a beginning Christian teacher, (4) demonstrate the necessary teaching skills, management techniques, and personal attitudes normally expected of a successful Christian teacher, (5) demonstrate an understanding of, a love for and a desire to teach elementary age children, (6) demonstrate knowledge of and appreciation for the Bible as outlined by

the objectives of the Bible Department (see p. 52), and (7) demonstrate knowledge of and appreciation for general education as outlined by the objectives of the General Education Department (see p. 106).

and VOCATIONAL-TECHNICAL PROGRAM**

Bachelor of Science Degree  
(Bible major, Christian Education or Missions minor, and  
Vocational Training)

This program is designed for students who desire to combine Bible education and Christian education or missions with vocational-technical training. Students may choose to apply their vocational-technical fields either overseas or in this country. Those planning on an overseas application should choose the missions minor, and those desiring an application in this country should take the Christian education minor. This program is terminal in nature and students who wish to take graduate studies in other colleges or seminaries may be required to take additional undergraduate work. Students who complete this program should be able to: (1) demonstrate knowledge of and appreciation for the Bible as outlined by the objectives of the Bible Department (see p. 52), (2) provide evidence that the requirements for entry into a particular vocational-technical field have been satisfactorily completed, (3) assist in a Christian education or overseas missionary ministry, and (4) demonstrate knowledge of and appreciation for general education as outlined by the objectives of the General Education Department (see p. 106).

**A Joint Program**

The student obtains proficiency in some vocational-technical area by completing a course of study at some accredited community or technical college. The program must involve a minimum of two semesters or three quarters of training. It is expected that the student will furnish a transcript of credits and a recent catalog of the issuing institution.

Almost all areas of vocational-technical training have an application to Christian ministries. Some possibilities are Agriculture, Industrial, Computer, Drafting, Graphic Arts, Accounting, Secretarial, Radio and Television, Child Care, Practical Nursing, etc. Any of these areas can be combined with the minor in Missions or Christian Education in preparation for service either overseas or at home.

The plan is for the student to enroll the first two years in subjects offered at Grace College of the Bible, the third year is given to securing vocational-technical training, and the fourth year the student completes his work towards the B.S. degree by again enrolling in subjects offered by the College. Students who live in communities where vocational-technical training is not available may be granted permission depending on available room to live on the Grace campus the third year while pursuing vocational-technical training. A number of schools in the Omaha area

located a few miles from GCB have a wide range of programs available. Application to the various vocational-technical schools should be made sometime during the second year of studies.

Applicants who have already completed their vocational-technical training and who desire to complete the B.S. degree at Grace College of the Bible will complete the three years consecutively.

### RADIO COMMUNICATIONS PROGRAM

#### Bachelor of Science Degree
